

PRESENTATION FOR HOSTING F.O.O.L.S. CONVENTION

Your presentation must include the following:

“Ballpark” host hotel rooms rates

“Ballpark” airfare rates round trip to convention airport

Example: your host airport to: Tampa-FL, Charlotte-NC, Sacramento-CA, Omaha-NE, Chicago-IL, Manchester-NH, JFK-NY, Orlando-FL,

This will give the chapters a “ballpark” idea of how much airfare will be, using the International’s Executive Board as the example. Due to the current economy, the member would want to have a “choice” to attend if they can afford it.

Approximate air travel time (Use the International’s E-Board as an example again)

Area Airports

Logistics for transportation (to and from airport) (If not supplied by Convention Host)

Time of year planned for convention

Area things to do, for families

What training center will you be using (if any)?

What type of projected training will there be?

What type of planned events will there be (daily)?
